

CODE OF CONDUCT

1. Introduction and Principles

The School fully supports the principles of fair discipline and the consistent and justified application of appropriate disciplinary measures where necessary. The code for students indicates the broad standards of behaviour that are expected of all students at the School, and encourages a responsible and self-disciplined approach by students themselves.

Should expected norms of conduct not be met by any student, corrective action will be initiated by School Management. Corrective action may or may not include the application of formal disciplinary measures; steps applied to prevent further occurrences of unacceptable behaviour, and to restore the School/Student relationship.

This code is applicable to all students and may also have a bearing on the students behaviour outside of normal school hours, should the students conduct impact negatively on the School / student relationship, or the reputation and integrity of the School.

The maintenance of discipline and ensuring orderly classroom behaviour is an integral part of every educator's job. The onus therefore lies with the Schools educators and its management to apply this code in an effective and equitable manner, in the interest of the wellbeing of the School, preserving and promoting educational excellence, and protecting the rights of all school stakeholders including the students.

2. School Code of Conduct

In the School context, administrators, educators, parents and students all have responsibilities. To sustain a positive, orderly and disciplined learning environment, it is important that these parties to the education relationship acknowledge their responsibilities.

3. Educators

Educators at the School subscribe to the SACE Code of Professional Ethics and the Schools own Code of Conduct for Staff.

4. Parents

Parents enroll their children at the School subject to their acceptance of all the School rules and other conditions of enrolment.
